AB 1914, as amended, Davis. Public social services: food stamp benefits.

Existing law provides for the federal Supplemental Nutrition Assistance Program (SNAP), under which food stamps are allocated to the state by the federal government and are distributed to eligible households by each county.

*Existing law requires that county welfare departments have access to computer information maintained by the Employment Development Department relating to unemployment.*

*This bill would require the applicant or recipient to provide this report to the county, if the applicant or recipient already has the report in his or her possession.*

*This bill would require the county to provide a copy of the report, received from a source other than the applicant or recipient, to the applicant or recipient if the county takes any action based on the information in ~~the~~ that report.*

*To the extent that it would increase the duties of counties ~~in administering the~~ to administer SNAP program, this bill would impose a state-mandated local program.*

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.
